

# Madeira Collection

Where Craft Becomes Character

# The Vision Behind Madeira

**Madeira fills the need for character-rich furniture in a world of sameness.**

Madeira is more than furniture – it's a tribute to the art of woodcarving and contemporary design. This unique collection combines deeply textured, hand-carved solid wood fronts with clean lines and elegant metal frames.

Each piece is a handcrafted original that brings authenticity, artistry, and individuality into modern living spaces.

# Inspired by Artistry, Rooted in Culture

## Between Art and Culture

### Culture

The soul of Madeira lies in traditional Indian woodcarving.

### Generational

The intricate patterns, passed down through generations, meet minimalist forms to create an expressive blend of global influence and modern elegance.

### Nature's Elegance

The name "Madeira" evokes both craftsmanship and natural materiality – wood at its finest.

# Crafted Aesthetics – Designed to Feel

## What Defines Madeira

Madeira embraces imperfection as beauty. The sculptural, 3D front surfaces create a stunning play of light and shadow, turning every piece into a tactile and visual experience.

### Guiding Principles:

**Form:** Rectilinear, grounded proportions

**Material:** Solid mango wood, powder-coated steel

**Impact:** A centerpiece with presence, warmth, and story

**Balance:** Fusion of style and purpose – design that works

# Who It's For – And Where It Belongs

## For Lovers of Authentic Design

### Phoenix is designed for:

Design-savvy individuals with a passion for artisanal detail, sustainability, and statement pieces.

Young families who love rich culture

Customers who value quality and craftsmanship

People with eclectic, airy interiors

### Perfect for:

Living rooms, dining areas, media zones

Lofts, apartments, design homes
