

Caldera Collection

Design with Depth

A New Standard in Sophisticated Living

Why We Created the Caldera Series

Bridging the Gap

The Caldera Series was developed to bridge the gap between functional storage and high-impact design.

Architectural Clarity

By reimagining classic furniture types with architectural clarity and sculptural surfaces, Caldera transforms utility into a statement.

Premium Aesthetics

It meets the needs of design-savvy customers seeking both premium aesthetics and practical elegance.

Inspired by Architecture, Defined by Contrast

The Design Story Behind Caldera

Geological Depth

Named after a caldera - the center of transformation

Material Tension

Warm and cool materials creating dynamic contrast

Architectural Inspiration

Drawing from modern architectural principles

Caldera draws inspiration from modern architecture and the tension between warm and cool materials. Its name evokes geological depth – a caldera being the center of transformation – and this energy is reflected in the dynamic surfaces and unexpected material combinations.

Picture stainless steel reflecting light like liquid metal, paired with soft matte wood tones. It's not just furniture, it's atmosphere.

Modern Elegance with Character

What Defines Caldera

Clean geometric lines and structured forms

Striking contrast between warm ash veneer and polished stainless steel

Visual depth through three-dimensional surface textures

Carefully considered proportions that balance statement with subtlety

Furniture that commands presence, but never overwhelms

For Those Who Appreciate Design That Speaks

Who Buys Caldera – And Where It Belongs

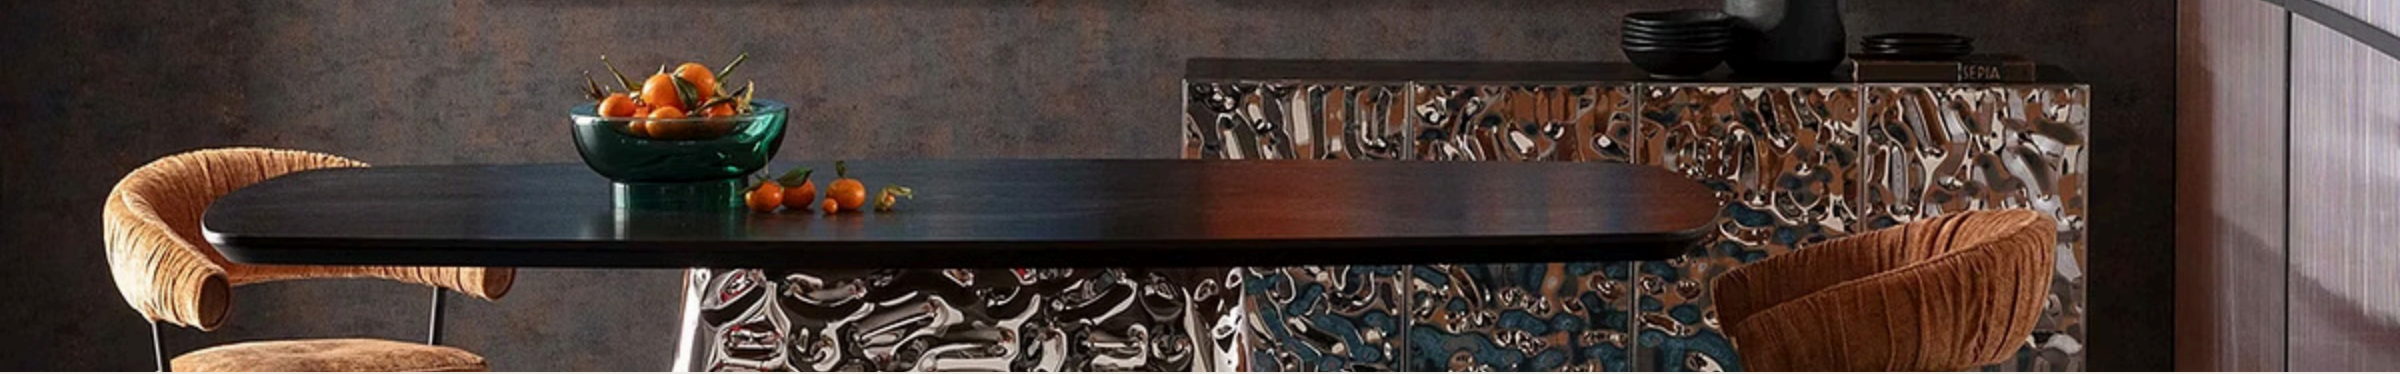

Target Customers

Caldera appeals to sophisticated customers who value bold, designer-led pieces.

Ideal Spaces

- Modern living rooms and dining areas
- Stylish home offices
- Urban apartments and contemporary lofts

Materials & Characteristics

Elegant Ash Veneer

- Natural grain, modern look, dimensionally stable & durable
- Real wood veneer: easy to clean & more resistant than solid wood

Lacquered Stainless Steel Fronts

- Three-dimensional design with shiny chrome surface
- Clear lacquer: protection against fingerprints & oxidation

Push-to-Open Doors

- Handle-free, modern look
- Convenient opening with a light touch

Height-Adjustable Shelves

- Flexible interior layout depending on storage space requirements

Load Capacity

- Up to 100 kg total load
- Delivered already assembled – ready for immediate use
